FOUND RELIEF BY TAKING PE-RU-NA

MRS. ANNA MUNDEN

There can be no doubt about it that the tendency to resort to surgical operations has been too great in the past and that this harmful tendency is growing less every day.

Experience has demonstrated that many ailments which seemed to require surgical operations in the past are now being cured by the use of harmless remedies. Peruna has done much as any other remedy to establish this very important fact.

Thousands of people have been convinced to undergo surgical operations. Their physicians have told them that they must either submit to such operations or lose their lives.

After this they have resorted to Peruna and found relief.

Other good remedies have accomplished the same result, but it is safe to assume that no other remedy has equalled Peruna in its beneficial work.

Many of the alleged incurable derangements of the pelvis are dependent upon catarrh.

There is no cure for these except the removal of the catarrh.

Peruna seemingly works miracles in some of these cases. The explanation, however, is very simple. Peruna removes the catarrh and Nature does the rest.

in our Academy and he knows just how much is a good reminder for the thoughtless tyro who often has short recollections.

Public sales are so plentiful round about us that our diary is almost crowded keeping tab on them, having two or three every week.

Suffered Thirteen Years With Pelvic Troubles. Unable to Find Relief.

AN OPERATION ADVOCATED.

Pe-ru-na, Taken as a Last Resort, Brings Health and Strength.

ANNA MUNDEN, Brinkley, Ark., writes:

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs."

"The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your Peruna and bought one bottle and before I had taken it all I could get out of bed and walk about."

"After taking three bottles I was as well and hearty as ever."

"I gained in flesh. From 118 I increased to 136 pounds."

"If it had not been for your great and wonderful medicine, I would now be in my grave."

"I would advise all women sufferers to try it."

"I would not be without it for the world."

A WOMAN'S LETTER TO WOMEN. Mrs. Caroline Kramer, Fort Collins, Col., writes:

"The majority of women who are suffering from disordered periods and other troubles, have such strong faith in doctors that they allow them to experiment on them for kidney, liver, or stomach troubles, until they become discouraged and their money is gone."

"This was my unfortunate experience for nearly two years, when my attention was called to Peruna."

"I hardly dared believe that at last I had found the right medicine, but as I kept on using it and was finally cured I could only thank God and take courage."

"I have had most satisfying results from the use of your medicine and have advised dozens of women who were suffering with woman's ills to use Peruna and let the doctors alone, and those who have followed my advice are better today and many are fully restored to health."
